Atlantis is a brand of the
Italian company **Master Italia**,
specialized in designing
and manufacturing
high-quality headwear.

A man with a beard, wearing a blue baseball cap and a denim jacket, is looking out of a window. The background shows a blurred interior, possibly a train or a bus, with red seats and overhead lights.

ABOUT US

We were born 25 years ago from a love of headwear that became a vocation.

Our passion for caps and hats runs deep:

it gets our heads **young**,
it inspires our **mind**,
it frees our **souls**.

It is at the very core of **who we are**.

SUSTAINABILITY

Our products travel the world and with them our responsibility needs to soar.

We aim to reduce our environmental impact and commit ourselves to the **challenge** of contributing positively to the **future of our planet** by embarking on a new journey of sustainability which will directly and indirectly involve everyone collaborating with us.

Our values reflect those of a business made of people aware of the climate crisis and the life threats. People willing to find new solutions to keep doing it and, at the same time, be more sustainable.

Staying true to our values during those twenty-five years in business has helped us create a company we are proud to run and work for. To stay in business for many years more, **we must defend the place we all call home.**
